Medical Officer for the Head Quarters Establishments.

I. Head Quarter Assistant Surgeon.

Very few papers are forthcoming in the Records as regards the origin of the appointment of a medical Officer for the Head Quarter Establishments, or the names of officers selected for that post from time to time.

2. At the time of the re-organization of the Medical Establishment, for the first time after the Rendition, Government in their order No.885-7-4 dated 5th May 1884. included among the requirements of the Province, the appointment of an Assistant Surgeon for the medical charge of "the Head Quarter Establishment and for general duty", probably because one such officer existed previously. In accordance with this order, Dr.A.S.Fernandez was the 1st Officer posted for this charge and he filled the appointment from 19th Aug 1884 till 1st April 1888.

3. In October 1890, Mr.P.S.Achyuta Rao who appears to have been doing duty in the St.Marthas Hospital was posted to the Head Quarter Establishment and seems to have remained there only for a short time.(12th October 1890 to 12th January 1891).

4. Mr. Achyuta Rao appears to have been succeeded first by Mr.Saugeman, and then by Mr.W.Sreenivasiengar, who in his letter to the Senior Surgeon dated 5th December 1892 reports his having taken charge of the

Head Quarter Establishment from Mr.Sauceman on 14th January 1898.

5. It would also appear that Mr. Srinivasiengar was doing some work in the St.Marthas' Hospital in addition to his Head Quarter work. In April 1892 however, at the suggestion of Col. T.J.McGann, Senior Surgeon, orders were issued in this Office letter No. 3134-28 of the 21st May 1892, relieving him of Hospital work and making his whole time available for attendance on the officials and servants of the Dewan's establishment (the Secretariat - then known as the Dewan's Office). The appointment has remained a Whole time one to this day.

The Assistant Surgeon was also given the assistance of a compounder and the duties assigned to him were:-

(1) To render medical aid to the officials regularly in his dispensary in ordinary cases and to attend at their residences in more serious cases.

4 (para 4)

6. These duties were, in Government Order No. 7332-72/Med 89-06-57 dated 24th February 1910 once again defined. According to this order, the Assistant Surgeon while at Head Qusrters, is to attend at the Dewan's residence and also on the Members of Council and officers of the Secretariat at their residence

IE. Sub Assistant Surgeon.

7. The posting of an Hospital Assistant (now Sub Assistant Surgeon) to the Head Quarter Establishment was for the first time thought of in 1898 in connection with a sudden case of illness of a clerk of the

Secretariat when at the instance of the Secretary Mr. Anantasami Rao, an Hospital Assistant was told off by the Senior Surgeon for duty at the Public Offices for a short time.

8. In April 1904, an Hospital Assistant was permanently posted to the Head Quarter Establishment with an allowance of Rs 15/- per mensem and this Officer has continued to be attached to the Secretariat ever since. The arrangement is said to have been verbally ~~decided~~ ordered by the Dewan and no papers containing any discussions are forthcoming.

III. Dispensary.

9. As regards the location of the Dispensary a suggestion to accommodate it in one of the rooms of the old Pettah Hospital or in the Fort or some other central place was under the consideration of Government in 1892 but no decision appears to have been arrived at. ~~To my knowledge~~, It seems to have been ~~was always~~ located in the Dewan's Residence for the time being till 1905 & was ~~only came to be~~ shifted to the present ~~place~~ room in the Public Offices ~~during the regime~~ under the new of Pradhana Siromani Mr. T. Ananda Row in 1909.

10. As regards its usefulness in the Public offices, kind reference is solicited to the notes in the current file, Med.153-13 on the subject of adding on a compounder to the Head Quarter Establishment. Briefly stated, the Dispensary has been found to be very handy in meeting the requirements of the large number of hands working in this building and in promptly dealing with sudden cases of sickness and accidents that have occurred during the worki...

15

hours, such as lightning stroke, heat-apoplex paralytic stroke etc.

IV. Working hours.

11. The working hours of the Sub Assistant Surgeon (Hospital Assistant) in the Public Offices have been fixed, from 3 to 6 p.m. There are no orders prescribing the hours of attendance of the Assistant Surgeon, while at Head Quarters.

To

Secretary to the Government of
H. H. the Maharaja of Mysore, Genl. and Rev. Deptts.,
Bangalore.

Sir,

I have the honor to forward herewith, for the orders of Government, copy of letter No. 6 dated 18th February 1914, from the Assistant Surgeon, Head Quarters Establishment, requesting the posting of a Compounder and the provision of a contingent grant of Rs 5/- a month for the Dispensary, which was brought into existence in the Public Office buildings about 5 years ago.

2. The maintenance of a dispensary in the midst of offices and during the working hours appears to me to be unnecessary. Should it, however, be deemed necessary by Government to maintain the dispensary in question, then it seems to me necessary also to give it the full complement of staff as noted in the margin, and I request that the Government may be pleased to sanction the entertainment of a Compounder and a Surgery Cooly (unless a peon from the General and Revenue Secretariat menial establishment can be spared for the latter work,) and also a

3. Should the proposal be acceptable to Government, the necessary proposition statement will be submitted.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon, Mysore Government.

Enclosed 153-13-1 3

Letter No. 6 dated 18th February 1914 from the Assistant Surgeon, Head Quarters Establishment, Bangalore, to the Senior Surgeon, Mysore Government.

In submitting the annual returns etc., for the Head Quarters Establishment for the year 1913, I beg to state that it has been found difficult for one person to prescribe, register and at the same time to dispense medicines. The want of the assistance of a Compounder is very keenly felt. At present all his duty devolves upon us and much inconvenience is caused thereby. I therefore earnestly pray that a Compounder may kindly be spared for the establishment whose salary I have shown in the Budget Estimate for 1914-15.

I further pray that a small contingent money may be allowed every month as there is no contingency at present for the establishment depriving me of the power of buying country medicines, sundry necessaries, and getting towels washed, &c., as may be required.
